"Great looks & performance"

Fantastic quality and does everything you'd expect, and more. Saves me so much time and effort in the kitchen. Best part is the atta kneader - simple to use and super soft rotis. Looks great too!

Juicer Mixer Grinders

"Awesome... Go for it"

Bought Philips HL7576 after lot of research. It works perfectly & is very easy to use. Dry stuff can be grinded to fine powder... Very good for preparing chutneys, pastes and masalas.

Juicer works great too. Would love to see it in more colours.
